In Montana sheep are sheared by days. machinery propelled by water power-California has a new grain harvester with a cutting front of 52 feet which reaps, threshes and sacks one hundred and eighty bushels of wheat an

A stove has been invented to cool rooms in the summer. Salt, a small quantity of ice and a patent chemical are used, and the stove becomes so cold that if the hand be placed upon it, it will instantly blister. As salt is cheap, the chemical is not dear, and as the stove can make its own ice in the oven, the device is one that will be likely to come into general use in warm climates.

COMMITTED AS INSANE.

John Bingham and Geo. V. Combs Committedto the Reno Hospital.

The individual who strayed into town last week from the Milford route and was reported to be insane, was given a hearing last Saturday.

From his rambling talk he is judged to be a native of Kansas, and says he was in the Stockton, Cal. asylum in 1888 but did not know what for nor how he got out. Appears lately to have been tramping through Colorado. He imagines himself to be under some supreme 200 influence and connected with government buildings in some way or other. Says that his present name is Combs, but that his name is Entered at the Postoffice at Pioche, Nevada, as changed for him every few years. Does not know what his last name was nor when it will be changed again. Claims to be upwards of

four million and a half years old. John Binghan was given a hearing on a charge of insanity preferred by Wilkes J. Campbell, on matters of recent occurrence which tended to show Bigham to be of unsound mind with on hallucination regarding women, and dangerous

to be at large. Bingham himself refused to speak beyond denying the right of the District Attorney, Clerk and physician to examine him; and neither admitted nor denied the acts charged against him. Some of these related to strange actions of the man in the past and the promiscuous discharge of giant powder in the neighborhood where he lives, and he was committed as dangerous to be

at large. Sheriff Freudenthal departed last sed through here on Tuesday from evening for Reno with both the men

#### The Summit Mill.

Messrs. Lloyd and Cook, lessees of the Yuba, began the reduction of ore from the mine a few daysago. Until that time the mill had been It working altogether on screening and will be erected at Panaea. Dick leached tailings from the old mine dump hereabouts. There was a slight margin in these tailings and whistle sounded an alarm of fire. late drop in silver forced their abandonment

The mill is now working second grade ore from the Pacific tunnel. no damage beyond a slightly char-The amount of soft stuff in this ore went to Stateline yesterday. It is makes it difficult to handle and the ment is about as complete at the mill probable that a test run on ore from actual working result will not be as it well can be, and owing to the WANTED-SEVERAL FAITHFUL MEN OR WO the Burro mine will be made at the known for some days yet. The drill exercises which take place ocprice of silver connot fall much lower without crippling seriously, this, our main working.

It was expected that a number of additional men would be put on at ing on came from the Mazeppa. It will be ready for use in a few days. the mine soon, but matter who will be ready for use in a few days. the mine soon, but matters are now Prospecting in and around Deer- hope of obtaining employment, took lodge is light just now. # Milford Matters.

The Tribune's Milford correspondent in a late letter says:

Another fast freight line is being established between Milford and De-Lamar. This improvement in transportation is being made by the stage line now in operation between these two points. This makes it a business matter to ship tropical fruits to DeLamar, and the Dixie country will now have a competitor in the fruit business. There is now talk of a fast mail line being established between Milford and the Nevada town, the same carrying the mail from here to DeLamar in 16 hours. The advance agent of Hamden's It now takes 36 hours. Thus it will Minstrel troupe, billed the town on practically bring the two points 20

#### FROM DeLAMAR.

A midsummer quietness is upon

The flood gave the miners a 24 hour lay off last Sunday.

Our market is plentifully supplied with fruits and vegetable products.

The Milford fast freight continues to arrive loaded with passengers and The shaft on the Fraction claim,

sunk by the Nesbitt Bros., is now the Board. down 150 feet. A nice shower of rain fell about

three o'clock this morning and cooled the atmosphere off considerably. Gene Goodrich, of the Lode is among the ailing ones this week.

Too much celebrating at zion recent-

ly is supposed to be the cause. Dan Mandich's soda fountain is running full blast these hot days. One drink of his deliciously flavored soda and you are bound to call again.

Hans Marquardson, Joe Carroll bids. and Mike Cohn and wife formed a party which left this morning for Ely. They go on business and pleas-

DeLamar is overrun with boarding houses. The dining room of the Culverwell house made an attempt at re-opening last Sunday morning but closed the same day.

Our population continues to thin out. Some leave for good while others get out to the surrounding of Commis valleys to avoid the heat, which has or all bids. been unusualily severe for the past

The school trustees are arranging for three teachers for the coming term and are changing the school building accordingly. The walls of the present building are said to unsafe, but what remedy will be applied we have not heard. The building was put up only last year and is erectedon a good foundation.

At about the time of the rain shower this morning the DeLamar mill Some scaffolding above the boilers was ablaze. A few seconds after the hose was applied the fire was out with red timber or two. The fire equipcreate as much excitement among the town residents as formerly.

A cloudburst occurred in the mountains near the head of Cedar Wash last Saturday. The water reached a depth of seven feet, and rushing down in a torrent tore out the pipe lines of both the DeLamar and April Fool Companies and caused a shutdown of both mills for nearly two days. Besides replacing the pipe washed out, the lines had to be dug up for some distance to remove the sand and rubbish, with which they were washed full. Both mills startwere washed full. Both mills started up on Monday.

A Nation of Growlers. A few days ago a gentleman remarked."I am more and more convinced every day of my life that we are becoming a nation of growlers." Indeed, there is more truth than poetry is the saying, for we growl Is the Best place to call when you want the After attending to the wants of that the surface and a number of locations at the weather if it is too cold. we growl if it is wet and we growl if it is dry. We complain of our preachers and we grumble at our school teachers. We curse our law makers if they enact certain measures and we denounce them if they don't. We complain of our business and we fret when we are pushed. We denounce the newspapers when they print all the bad news about us and we bring railing accusations against them when they don't print something sensational about somebody Pioche, else, and so on through the whole category. The world however, would be much better, individuals and families happier and there would often times be sunshine where there is shadow if we would all stop this nonsensical growing.-Exchange.
